● SAT®·ACT® Prep Course Q&A

**Q : Please tell me more about the textbook and the instructor.**

A: A native English-speaking prep expert guides students through the twists and turns of the SAT®·ACT® in a comprehensible and enjoyable learning environment, and conducts the course in English. The textbook set used in this course is also used in US Kaplan centers; however, the pace at which the course is conducted, as well as services offered, differs from that of US Kaplan centers. Online learning tools for comprehensive self-study offered in US Kaplan center courses are also offered. This center does not offer the Higher Score Guarantee.

**Q : For what school grades are the SAT®·ACT® prep courses offered?**

A: The SAT®·ACT® prep courses are recommended mainly for 11<sup>th</sup> and 12<sup>th</sup> graders, as the courses cover crucial concepts not covered in school, and are therefore not recommended for students in 10<sup>th</sup> grade and below. As the prep courses focus on test preparation, students taking an SAT®·ACT® prep course at this center will need to review math and verbal concepts not covered in school, at home. The course requires an official total SAT® score of 1000 or more (section scores of 500 or more), or ACT® score of 22 or more (section scores of 20 or more), regardless of grade level.

**Q : Are make-up lessons available?**

A: Yes, if the next section meets student enrollment number requirements, make-up lessons are accepted; however, if student enrollment number requirements are not met, the next section will be closed, and make-up lessons will not be accepted.

**Q : Are private lessons available?**

A: Private lessons are offered for a separate fee; however, the conditions of the lesson content and private lesson schedule must meet both the student's needs and the instructor's capabilities. Private lessons are usually scheduled only on weekdays. Private lesson scheduling will require about one week. The lesson material will be prepared by this center. In addition, Subject Preps will also be available, depending upon instructor's teaching schedules. Please feel free to contact the center director about availability of instructors for the Subject Test Preps.

**Q : Are seasonal intensive courses offered?**

A: Yes. Spring, summer, and winter intensive courses are offered. As the course content for the seasonal intensive courses is identical to the year-round courses, students who have taken a course before will not be permitted to enroll in that same course again. Please see the seasonal intensive course schedule for more information. Sometimes intensive course in the Fall Break will be scheduled.

**Q : Can I enroll only in the Super SAT®·ACT® course?**

A: Yes. The Super SAT®·ACT® course is designed for students in their final stage of the test prep or who have completed the SAT®·ACT® Prep course. However, students who have prepared for the test on their own, or enrolled in a prep course at another prep test school, must have an official SAT® total score of 1000 or above or an official ACT® total score of 22 or above. Advanced-level test-taking techniques are covered in this course, and aids in maximizing students' scores. Students are administered a variety of Kaplan original tests/ previously administered official tests from the College Board or ACT, Inc, or other publications, and receive their scores immediately. The feedback session is comprised of detailed review of each test with personalized explanations from the instructor.

**Q : Does the Tokyo Test Prep Center offer assistance when registering for the official SAT® test?**

A: No, inquiries and /or requests for assistance for official test registration are not accepted. Please refer to the official website for test registration.
